Attn: Mr. Jim Nardone, President

Dear Mr. Nardone,

I am writing to express my appreciation for the professional and efficient manner that your Solar-X crew exhibited during the installation of the safety and security film to our home's windows. They explained the process of the application of this film, the drying time period and cleaning of the windows.

They were tidy and cleaned up in each of the installation areas. Thus far, the product has already provided benefits even on my double pane windows. I trust they will provide the same level of protection and peace of mind as we enter another hurricane season.

I also want to thank Abid and Nina for their courtesy and promptness in handling some of the follow up concerns after the installation. As such, I have already spoken highly of Solar-X to several friends and trust they will contact your company for similar needs. Thanks again.

Regards,
